Plaintiffs accordingly move to file those portions of the Master Complaint under seal. The Meta Defendants bear the burden of establishing that all of the referenced material is sealable. Plaintiffs take no position at this time on whether any of the referenced material satisfy the requirements for filing under seal.

As required by Civil Local Rule 79-5, Plaintiffs are filing redacted versions of the Master Complaint on the public docket. An unredacted version attached to this motion under seal contains highlighting to indicate where redactions are proposed.
